Thanks-for-Giving

Together, we keep our community connected through the power of the human voice. Your generous financial support ensures that 10-year-old Noelle’s grandfather will have no-cost access to our round-the-clock audio reading programs.

Rather than focusing on what he can’t do as a result of low vision and limited mobility, Grandpa Marion concentrates on learning all he can from our audio programs. Believing that listening is the key to improved comprehension, communication and overall pleasure, he eagerly absorbs a wealth of information from our wide variety of programs. He then shares this information in conversation with his granddaughter and grandson when they come to visit.

Our Virginia Voice broadcast is one of the “greatest blessings” in Marion Shelton’s life. Each day he looks forward to hearing the friendly voices of our readers as they travel over the airwaves and into his home. “I don’t know what I would do if I could not listen to Virginia Voice.”

Listening to our Listeners!

Thank you to Brittany Fraer for suggesting we make our program schedule available in audio format. Thank you to Mac Coe who recommended the daily audio program schedule be included in our broadcast and added to our AudioNow call-to-listen selections.
**PROGRAM ADDITIONS**

In July, Virginia Voice added 12 new programs to its daily schedule. Along with new programs about music, travel and careers, listeners can stay informed about fashion and beauty trends, learn how to make their homes more comfortable and organized, and catch up on the latest gossip. We added content from men’s magazines, and features from Vanity Fair and The New York Times Magazine. TV enthusiasts can go behind the scenes on their favorite shows, and high school sports fans will hear all the news and highlights. We also keep listeners informed about upcoming local events and cultural programs.

All of Virginia Voice’s existing high-quality programming, delivered by our fabulous team of volunteers, remains. No programs were eliminated because of the updates. In fact, a few were expanded to include more content.

**VOLUNTEER READERS**

Listeners have probably noticed some new voices on the air. In the 2015 calendar year, 24 new volunteer readers have joined Virginia Voice. That’s a 17% increase in the volunteer pool! Our heartfelt thanks go out to all of our volunteers who share their voices every day.

**CALL-TO-LISTEN**

Through an innovative new technology platform call AudioNow, we have a dedicated phone number so Virginia Voice listeners can call to hear current audio programs via a telephone. There is no additional or incremental charge for the call and a listener does not need a smartphone, data plan or internet connection to listen to a selection of our daily programs. Our call-to-listen number is (712) 832-7044. These audio programs are intended solely for our eligible listener audience.

**AUDIO PROGRAM SCHEDULE**

Current Day’s Audio Program Schedule is selection #8 on the call-to-listen menu.

**LISTENER FEEDBACK REQUESTED**

Do you have a favorite reader? If so, let us know. Our volunteers love hearing feedback about their work.

What do you think about the new programs and the updated schedule?

Studio News

**STUDIO RENOVATIONS**
A studio makeover is underway. We have fresh paint on the walls and new carpet on the floor. These renovations were made possible by the Virginia Department for the Blind and Vision Impaired.

As a result of a generous grant by the Virginia Board for the Blind and Vision Impaired, we have new Network Data Storage to accommodate our expansive collection of audio program recordings. This fall the recording studios will be outfitted with new acoustical panels and chairs.

**STUDIO EQUIPMENT NEEDED**
We are in immediate need of a new Production Mixer for our studio. This piece of equipment costs approximately $750. Please contact me if you would like help purchase this piece of equipment for us.

Call me at 804-266-2477 or email achildress@virginiavoice.org - Alex

Grateful to Our Program Partners

Public radio stations WCVE and WRHO donate the use of their subcarriers so that we may broadcast our programs to our listeners in Central Virginia and the Hampton Roads area.

Richmond Times-Dispatch donates multiple copies of the daily newspaper. Content from this daily print publication contributes to a considerable portion of our daily program material.

AudioNow offers dial-up listening on demand for a number of our daily Richmond Times-Dispatch programs.
Thank You Volunteers!
